

Tech Tuesday: Meet the Rockstar Developers of Massachusetts

Tuesday, November 29, 2011
6:00pm – 9:00pm
Microsoft NERD Center, One Memorial Drive
Cambridge, MA

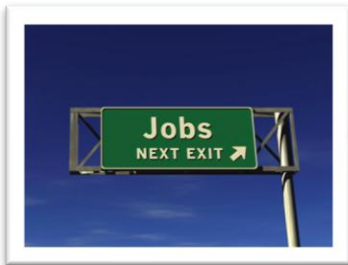

We're kicking off with an interactive dialogue of powerhouse developers who have successfully built companies and cool technologies, divulging why they were able to triumph and important lessons learned along the way.

Next, developers from some of the region's hottest companies will give a 20 second shout out on the what technologies they're working on and why you should learn more. We'll end with an opportunity for students to network with developers and visit their demos.

This is a must attend event for students and developers looking to connect with amazing technology companies in Massachusetts!

For more information and to register, visit <http://1129techtuesday.eventbrite.com/>

ATTENTION COMPANIES: Get in front of the top minds of the future! Students coming from Harvard, MIT, Northeastern, Umass, BU, BC, Bentley, Babson and more.

- Only 20 Tables Available -

MassTLC Member Table - \$500; Non-member Table - \$1500
